

Truckee Traffic Is Still Leading All California Ports

Although travel over Highway 40 showed a marked drop during November, going from October's 154,246 cars, to 98,749 for last month, the local stations were still in first place as points of entry into California, the department of agriculture's monthly report shows.

Aside from the 98,749 cars, there were 4,162 trucks and 958 buses checked at the Truckee station during November with a total of 251,499 passengers.

The station nearest Truckee mark was Yermo with 85,824 cars, 3,328 trucks and 491 buses with a passenger total of 221,925.

The Meyers station on Highway 50 dropped from 22,777 cars during October to 11,727 during last month. It also reported 313 trucks and 32 buses with a passenger total of 30,428.

SACRAMENTO—(CNS)—A total of 1,139,708 passengers in 428,713 autos and 3,685 buses passed California's 18 border quarantine checking stations during November, an increase from 863,481 passengers in 312,618 autos and 3,553 buses in November 1960.

For the state total, 269,525 of the autos, carrying 666,434 passengers, were registered in California. The other 159,188 autos, with 383,262 passengers were registered out of state.

No Permits To Be Issued For Trees

As in the past years, the Tahoe National Forest will not issue permits to individuals for the cutting of Christmas trees on national forest lands. This practice has been in effect for the past several years.

There is no legal authority to issue permits without charge except in unusual cases such as for military establishments and some non-profit institutions. To issue permits to individuals on a charge basis would mean that a minimum fee of \$5 would have to be made and an area would have to be patrolled to assure that only certain trees would be cut. The forest service must look at its long term objective of producing commercial timber. Unregulated cutting of small trees would defeat this purpose.

In most local areas, trees are sold by worthy organizations which are supported entirely by voluntary public contribution, such as Boy Scout troops. Purchasing trees from these groups contributes to the supporting of these organizations in order that they can carry out their year around objectives.

Persons who secure trees from private land owners are reminded that they must have written permission from the land owner and proper shipping permits, as required by counties in which the trees are transported.

MRS. ROBERT JACOBS FETED WITH SHOWER

Mrs. Robert Jacobs was feted at a stork shower, Tuesday evening by Mrs. Walter Eckerman and Mrs. Charles Fink, in the home of the latter.

The pink and blue idea was carried out novelly in Christmas ornaments of those shades, to combine with the holiday motif. The guest of honor was presented with a bassinet trimmed in pink and blue, filled with gifts. Games and refreshments concluded the pleasant affair.

Afterward the group is invited to an open house at the home of pastor and Mrs. Rhoades where refreshments and fellowship will be enjoyed.

On Monday the family celebrated Karen's birth date.

TAHOE CITY—Alan Lewis, Tahoe City businessman, was elected president of the newly-formed Tahoe City-Squaw Valley Conference Association at a public meeting held last Thursday night at the Tahoe City Community Center. The principal speakers at the meeting were Wendell Russell, who was acting as chairman of the evening, and Robert Mohun who represented the Squaw Valley Conference Sales Association.

It is the aim of the group to coordinate the efforts of Tahoe City and Squaw Valley businessmen to attract and to serve well various conference groups.

More than 50 local businessmen attended the meeting and anyone interested in joining the association is invited to contact Lewis or any member of the board of directors who were also elected at the meeting. They are Lorraine Ducharme, John Trujillo, Jim McCafferty, Herb Kahn, Bill Hunter and Jack Starratt.

Arson Suspected As Second Blaze Hits Incline Area

INCLINE VILLAGE—Arson investigators from three different agencies were digging through the ruins of an Incline Village House Monday after an early Sunday morning fire destroyed the \$30,000 structure.

The newly-constructed, unoccupied building was one of seven built by Galaxy Homes of Sacramento and the second to burn to the ground in the last 21 days.

Arson experts from the Washoe County Fire Department, Washoe County Sheriff's Office and insurance investigators are sifting through the ashes to determine if the blaze was started intentionally.

Crystal Bay Fire Chief Doug Ingram was overcome by smoke while fighting the three-hour fire and crews used resuscitator equipment to revive him.

Lou Peterson, Washoe County deputy sheriff stationed at the Crystal Bay sub-station, discovered the fire about 2:20 a. m. Sunday.

Firemen from Crystal Bay and Kings Beach Fire Departments, hindered by sub-zero weather and a snow storm, could only keep the blaze from spreading to surrounding forest area and other buildings according to Ingram.

"Just like the other fire, the building was lost when we got there," Ingram said.

"It seems pretty funny that two \$30,000 fires would occur in the same area within a three-week period," Ingram stated.

WOMAN IS ARRESTED FOR DRUNK DRIVING

Christine E. Hamlin, 46, Reno was jailed Tuesday on a charge of drunk driving following a citizen's arrest made by Orlan H. Sanders, 46. Sparks and former Truckee resident.

Sanders noted the car he was following west near Boca being operated in an erratic manner. He said it nearly ran off the bridge and then careened off the opposite shoulder. He stopped his vehicle and it was struck by the Hamlin car.

Sanders took the woman in his car and drove to the California Highway Patrol office in Truckee where he turned his passenger over to Patrolman Wayne Hopkins who cited her.

NEW LAUNDRY OPEN ON MAIN STREET HERE

Mr. and Mrs. B. W. Reynolds have started Truckee's newest business enterprise—a coin-operated, self-service laundry.

The facilities are located in the old post office building on the main street and comprise ten washers and a dryer, all operated by coins.

The Reynolds will continue to operate their appliance store at the Gateway Shopping Center, the new business requiring little personal attention.

Awarded Doll

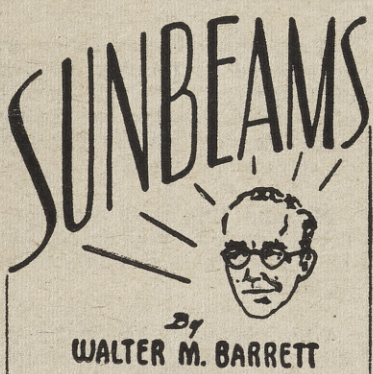

The Truckee Cooperative Nursery School announced that Mrs. C. W. Kydd was given the doll and wardrobe and Erv Waters was awarded the child's truck set at the recent annual event of the group. The members wish to thank those who took part in making it a success.

HOLIDAY

Nine hundred and fifty Sierra College students will be dismissed from classes for the Christmas holidays Friday, December 15. Classes will resume January 2, 1962.

In Hospital—

Mrs. Richard Paddock of the highway patrol office staff is in the Tahoe Forest Hospital for surgery.

There are only a few days left to complete your Christmas shopping. Why not do yourself and your neighbor a favor by doing the balance of your buying from your local merchants? You will find that his merchandise is just as good or maybe better than you will get elsewhere and you are helping materially to build a better community by keeping your shopping dollar at home. The merchants in our communities are well supplied to fill your every need. We cannot deny the fact that in a small community we are dependent upon one another, so let's all work together to improve our individual community.

A lot of people went to a lot of work to place the lighted Christmas trees along the main streets of Truckee and we think it a pretty low trick to destroy this mark of beauty. Vandals, having nothing better to do, have been pulling the wires from the trees and removing the colored globes. We would suggest that if they are apprehended a nice spot for them to spend Christmas would be in the local lockup.

Department Stops Fire At Gateway

A telephone call to the Capitol where the Fire-Ettes were holding their Christmas party was sufficient Saturday night about 11 o'clock to send firemen to the home of Mr. and Mrs. Joe Straub in Gateway Park where a faulty fireplace resulted in an incipient fire in the wall of the house.

The Straubs were in attendance at the dinner and their son called to advise them of the trouble. Since most of the firemen were at the same affair, there was no need for sounding the alarm and the fire was quickly extinguished with a minimum of damage.

IMMUNIZATION CLINIC SLATED FOR FRIDAY

The monthly immunization clinic, held by the Nevada County Health Department, will be of service to the public, Friday, December 22 at the old Truckee Elementary School. The hour is 12 noon until 1 p. m.

Special emphasis is placed on the polio vaccination, and to the parents of pre-school children, there is as implied warning to have those children, who will enter school next year, properly immunized for polio as the state law requires this immunization as a qualification for admission to school.

CHRISTMAS PARTY FOR OES SCHEDULED

Truckee Chapter No. 116, Order of Eastern Star will meet Tuesday night, December 1 with Ruby Faulkner, worthy patron, presiding.

After the business meeting, the members will enjoy a Christmas party with refreshments to be served by Elsa Culbertson and her committee.

A gay, seasonal card from Mr. and Mrs. Henry G. Williams of Sacramento also included the news that they will celebrate their 39th wedding anniversary, December 16.

The Williams are well known here where they resided for a number of years before going to the valley and local friends are sending felicitations on the event.

BIDS ARE ASKED FOR SQUAW VALLEY JOB

SACRAMENTO—(CNS)—The state division of architecture has called for bids for modification of the sewage treatment plant at Squaw Valley state park.

Bids will be opened in Sacramento January 4, with \$14,000 available.

Wolverines Split Weekend Games; Herlong Here Fri.

In two non-conference contests, the Tahoe Truckee Wolverines during the weekend lost one and won one basketball game, taking Friday's game here from Quincy 74 to 55 and losing at Portola in a close game 45 to 41.

Friday the Wolverines will entertain the Herlong team on the local court, the J. V. game at 6:30 and the varsity at 8.

The Wolverines came out strong in the fourth quarter of Friday's contest against Quincy to score 23 points and clinch the hard-played game. The two teams had battled neck and neck during the first three periods with only four points separating the contestants up to the final quarter.

It was a combination of Bennie Ferrari, Harper and Doug Baxter, each of whom netted 17 points, that put the locals out in front. Mickey Cranford starred for the visitors with 12 points. Holley and Decker each scored eight points for the Wolverines with Straub collecting two and Bechold one.

In the Portola contest, the Tigers never relinquished their lead as they rambled past the Wolverines 45 to 41, the locals playing without the services of one of the high scorers, Harper.

The Junior Varsity continues their undefeated record by trimming the Quincy five, 55 to 45 and bowling over the Portola JV's 35 to 31.

Large crowds have been turning out for the home games and Friday is expected to be no exception as two interesting and fast games are on tap.

Fritz Lentz, Long Time Lake Resident Expires In Auburn

KINGS BEACH—A long time resident and familiar figure of Lake Tahoe, Fritz A. Lentz, was reported to have died Monday in the Placer County hospital at Auburn.

Lentz was said to be more than 80 years of age and had spent a great part of his life at Lake Forest and later at Kings Beach, where he established a curio shop in 1934.

The only relatives known are two nephews of Germany but he had a wealth of friends in the vicinity who were saddened by his death. For some time he had frequently visited the Ruppel family at Palo Alto. According to Mel Throop on Tuesday funeral services were pending.

TRACTOR OPERATOR HURT IN ACCIDENT

Chuck Merica of Truckee suffered a severe but not serious injury Friday afternoon when the D-8 tractor he was operating for the U. S. Forest Service near Boca struck a limb which flew up and struck him in the head. Merica was working on the erosion control program with Art Carrol and Ray Utterbach when the mishap occurred.

Merica was temporarily knocked out by the blow which was deflected somewhat by the hard hat he was wearing.

The South Tahoe high school freshmen invaded the Tahoe Truckee gym Tuesday evening and took the measure of the local freshmen 27 to 22 in a spirited basketball game. Coach Ken Holback of the local squad has had only three or four practice sessions with his team and the lack of experience marked the difference in the score.

Six See Game—

Mr. and Mrs. Zeph Rose, Mr. and Mrs. Lauren Russell and Dr. and Mrs. Ben King returned from San Francisco where they saw a Forty Niners football game.

Four Car Mishaps Are Reported In Area During Week

Four accidents involving motor vehicles were reported by the California Highway Patrol during the week in this area.

Fortunately no one was hurt Monday afternoon at 4 o'clock when a rear wheel of a trailer on a tractor operated by Henry Alexander, 43, Aroya Grande, flew off and landed on the hood of a car driven by Agnes R. Gruntred, 31, of Sacramento at the railroad underpass on Route 89 just west of Truckee. The mishap was investigated by Patrolman William Gautsche.

Only minor injuries occurred when cars driven by Willie Walker, 55, Oakland and Richard A. Ortiz, 31, Sacramento collided head-on at the observation bridge on Donner Summit. Walker, west bound, attempted to pass another car and met the Ortiz car head-on. Ortiz was injured. Patrolman Robert Horton investigated.

Three vehicles, including a state truck driven by William B. Hutchins, 47, Truckee, were involved in a collision at the Route 89 underpass.

Objections Raised On New Ordinance

More than 300 farmers, landowners, real estate dealers and subdividers packed the auditorium of the Nevada City High School auditorium Monday night to discuss details of a proposed county-wide subdivision ordinance under study by the Nevada County Planning Commission of which Cecil Edmunds of Truckee is chairman.

Edmunds said that for the most part the group protested terms of the ordinance prepared by William Roberts, director of planning because of what they termed overly drastic clauses not geared to the present needs of the county.

Two other tentative ordinances have been prepared for the commission's consideration and Edmunds said all three will be given full consideration before a recommendation for passage is made to the board of supervisors. He added, however, that some sort of regulations definitely would be recommended after the first of the year.

The original deadline date of January 8 will be waived, Edmunds said, to permit further study of the various proposals.

SUMMIT SCENE

By FRAN COUILLARD

Been kind of neglecting you. Last week's article was short on account of it was the tail end of the week before's article which thoughtful Mr. Barrett had put aside in case I hyphenated for a week.

Well, first our fashion show has been relegated to the 4th annual

status and we surely were gratified to see so many Truckee people at our show, and so many other people that we didn't know were here due to the press of things.

Barbara Zorich and I figure that next year we will hold same on the County Road that leads to Ice Lakes—thereby furnishing natural scenery, a natural runway, a natural background and a natural atmosphere. It's a cinch that this here hotel isn't big enough any-

more. And as long as this isn't a coming event which casts its shadow, we will merely hit the high spots for those of you who missed them. And I guess it's all right for me to copy my commentators script for the purpose. So introducing Tina Vail:

"Thru' the Magic Snow Case we conjure Elizabeth Ann Vail... nicknamed Tina. This dimpled two year old is wearing, red, red, red, you will note. Her stretch pants are the spray on type and fit snugly over her three cornered pants. Her adorable jacket with white ermine hood was fashioned from a red handkerchief and a bunny tail. Believe it or not her after ski boots are Italian made. This toddler type of boot needs no arch support. Note the bunny twist cap. It is manipulated by wires and can be twisted to suit one's mood. Tina's twist fits her to a T."—and this not from script. First Tina fell off the runway,

picked herself up and went on her merry way. Next Tina refused to give up the spotlight and had to be picked up bodily from the stage. Back in the dressing room she reasserted her right to "walk-walk-walk." It is amazing to see temperament bloom in an actress of such tender years.

Introducing Charlie Brown. And from the script: "One usually associates the Poodle with a fashion show. We hill billies may be permitted the unusual. And so we bring to your attention our substitute—Charlie Brown. This low slung model is a neighborhood's roving Casanova. After a wonderful Thanksgiving dinner that the Zorich's had prepared, Barbara—not having room in her ice box for the left over turkey, placed the remainder in a snow drift behind the "no trespassing" gate of her porch. This here Charlie Brown whose legs could not manipulate the gate, lured his erstwhile gal friend—Eppie—to

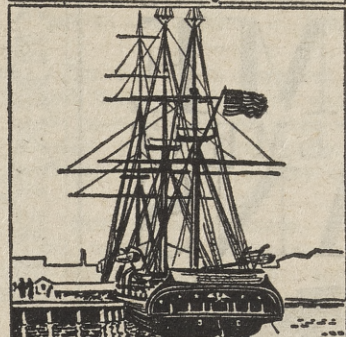

negotiate for him. The last Barbara saw of her tomorrow's turkey sandwiches was Charlie gallantly carrying the bundle for Eppie.

Charlie's beautiful sweater may not be imported but his ski togs have to be made especially for him due to his peculiar shape. This benign basset as you will note, it a perfect Ham. But don't let his soulful eyes fool you." And not from script. As you have guessed Charlie Brown is a basset—the Zorich's silly pride and joy. He did too wear a striped sweater—along with ear muffs and loved his outfit. Here again the actor refused to give up the stage—wagging his tail at all of his mountain friends—little Debbie Zorich hanging on to his leash as she tried to model her pretty outfit—the spectacle was the promise that our poster gave—"entertainment."

We cannot close without mentioning little Johnny Jang. Little Chinese John—all of four years old, with his royal blue stretch pants, his buccannier parka, his tasseled cotton jersey cap—his big scared eyes, and his forefinger in his little red mouth; nor Sue Aro, tiny and cuter than a lady bug who marched with perfect aplomb; little Leslie Samuelson—an extreme extrovert who took to his first modeling job like duck to water;

trailer, Mexico, Florida—and all over. As we were sittin' and talkin' Thel and Buzz held court as Bill Vail dropped in, Marie Strickland dropped in, Peg Travis in and the first thing you know we couldn't see them as they were surrounded by their old mountain friends who were glad to see them.

We weren't let this article go by without saying that old timer Ralph Rowton spent his Thanksgiving in a Reno hospital. Member I had a list of "where we've spent our Thanksgiving"—and whom we've entertained?—and

DONNER DOINGS

By VIRGINIA O'BEAR

More and more people at Donner Lake are getting the Christmas spirit because trees are lit up at night inside windows and the one outside at the Dr. Affeldt residence is all aglow again. Santa in his sleigh with his reindeer are atop Donner Pines Motel. It is less than two weeks now until Christmas so there will be a lot of last minute dashing around.

The Auxiliary of the Donner Lake Volunteer Fire Department will have their Christmas party this Thursday evening at 8 o'clock. It will be held at Donner Lake Lodge and Jolly Santa Claus will be our guest. Johnny Richards has agreed to be our Santa and even has his own suit. It is tonight, December 14, at 8 o'clock so hurry and get ready. Don't forget your gift marked his or hers to put under the tree.

The Donner firemen attended a special meeting last week with the Tahoe City firemen concerning Liquid Propane Gas and what to do in case of emergencies. Representatives of the California Liquid Gas Company explained the details. The busy firemen and their wives have been invited to the auxiliary Christmas party tonight.

It was so good to see so many fathers at the P.T.A. meeting Monday night. The fathers count two points for the room count so it was almost a toss up between Mr. Handy's 6th grade and Mr. Small's 5th graders. Dick Small's class was the winner so the banner belongs to his group until next month. Mrs. Small's grammar school chorus presented several selections after the business meeting. It is amazing what she has accomplished with these youngsters with just 20 minutes a week of practice. They were very good and the crowd attending the meeting seemed very impressed. Refreshments served at the conclusion.

Mr. and Mrs. Edward Thys of Oakland, along with one year old daughter Ann, spent the weekend skiing at Squaw Valley. Little Ann enjoyed her skiing downhill while strapped on her father's back. In another year or two I'll bet she is going downhill on her own, on skis of course.

Many ladies have been inquiring about the Tahoe Forest Hospital Auxiliary. Some thought to belong you had to put in a certain amount of hours per month. This isn't so. Of course if you can and have the time, each individual can work out her own participation program. The dues are just \$5 dollars a year and is used for worthwhile necessities for the hospital. For further information, call Donna Warnke at LUther 7-3647.

Our thermometer showed seven below Sunday night and that is pretty cold for Donner Lake. If this cold continues, the lake may freeze over and if it does, it will be the first time for several years. The lake has been very calm during the day with reflections of the snow covered mountains that just take your breath away, it's so beautiful.

The Milan Wight family from Concord spent last weekend at their cottage and the three children, Norman, John and Christine had a wonderful time in the snow. Milan found out about the "secret" the children had while here the past summer. A mother cat had three little kittens hidden under the cottage and they are now old enough to be placed in good homes. Anyone want a darling kitten for Christmas? No one is home next door and we do not need anymore cats as we already

"Is the Universe, Including Man, Evolved by Atomic Force?" is the subject of the lesson-sermon to be heard Sunday at Christian Science churches.

Opening the scriptural readings will be this passage from Psalm 19: "The heavens declare the glory of God; and the firmament sheweth his handywork. Day unto day uttereth speech, and night unto night sheweth knowledge. There is no speech nor language, where their voice is not heard... the law of the Lord is perfect, converting the soul; the testimony of the Lord is sure, making wise the simple. The statutes of the Lord are right, rejoicing the heart: the commandment of the Lord is pure, enlightening the eyes."

Also pointing up the supreme power of God are correlative passages from "Science and Health" have three. There are two black ones, one black and white one and they really need a home. (The mother is available, too).

It was with great happiness that Mr. H. R. Carles of Los Gatos, Portola and Donner Lake announced he is no longer on the eligible bachelor list. He and Margaret E. Bond of Portland, Oregon were married Sunday, December 10. It was love at first sight he said and as soon as Margaret's two week notice is up at a Portland hospital where she works as nurse, they will make their home at Donner Lake. We are all happy out our way and so glad that there will be two of them out fishing and enjoying life together.

SACRAMENTO—(CNS) — While the rain poured down over Sacramento, clogging drain pipes and gutters, they had some calm talk in the capitol about forest fires. It's good to have these things discussed when there's no sense of urgency involved and arguments can be pretty generally based on fact rather than emotion. During the hearing before the senate committee on natural re-

sources, headed by Senator J. Howard Williams, Porterville, there naturally was some talk also about controlled burning.

It could be pointed out here that it's to the credit of a number of sportsmen, and their organizations, that they take an active interest in forest fire prevention and such possible tools as controlled burning. Hunters always come in for a big share of blame for fires during their seasons and it's in their interest to help the work against fires.

On the matter of controlled burning, there were some cold hard facts presented by a research expert. He was Keith Arnold, of the Pacific Southwest forest and range experiment station, U. S. Forest Service, Berkeley. On the other side of the coin, there were some presentations by Charles E. Bull, of the United Humane Front and the northern counties wildlife conservation association, and by the sportsmen's council of the redwood empire association.

The letter smacked considerably of opinions and specific experience, rather than through any long range and detailed research. Arnold said California's forests, watersheds and rangelands contain the most flammable fuels in

the U. S. As a result, he said that "in general we can say that use of fire has a hazard reduction tool is more critical in California than any other place in the U. S."

Arnold outlined these problems concerning controlled burning, either to clear the land of all brush and cover, or so-called "light burning" in timber areas.

If burns are conducted when the fuel is moist, the burns fail to make much improvement; but if they are conducted when the fuel is too dry there is danger of break-away wildfires resulting.

Once an area has been burned, as in a firebreak, growth normally comes back heavier and, unless expensive maintenance is performed, it becomes even more of a fire hazard in a few years.

In many areas of California covered with brush, that is the only vegetation the soil and climatic conditions will support. A burn will result only in the return of the same vegetation in a few years.

Bull, who said he has had considerable experience in controlled burns, disagreed pretty generally with most of Arnold's conclusions. He said good controlled burning would result in regrowth of much grass, could be practiced without much danger of destructive fires, and was not too expensive if conducted properly.

Aside from the controlled burning discussion, probably the most significant thing developed at the hearing is that there is considerable sentiment for a change in policy of the state division of forestry — to put more emphasis on fire prevention and less on fire suppression. A number of witnesses charged the division's efforts at present are directed almost entirely to suppression, with little thought or attention to prevention.

The breaking apart of the so-called Spanish dollar of Colonial times into eight parts or "bit," in order to make change, is the reason why a quarter is called "two bits" in some areas.

DIVOT-DIGGERS

By BETTY KIELHOFFER

The invitations are out for the Shadow Valley Country Club New Year's Eve party... the price per person has been raised to \$3.50 to cover the orchestra and 1 a. m. buffet... as I told you last week, it will be held at the Capitol in Truckee with dancing starting around 10 p. m. The place has been beautifully decorated and remodeled with more than ample dancing space and a very impressive bar has been added. It was decided that this would not be limited to country club members and guests but anyone wishing to come will be welcome... it was first believed it would be too crowded but after looking over the building, there seems to be room for all... so, come on along and pick up your tickets. I will have them at the downtown office of the Donner Trail Real Estate or you may pick them up from Patti Fink, Virginia Paddock or Majel Rose... get them early because if it looks as though there will be too many, sales will have to be curtailed... as of today, we don't have the name of the band but be assured there will be one... although I didn't attend the skating party, I understand from one who did that a good time was had by all... just one big happy family... Two of our members who have recently been under the weather are Mike Ellis and Babette Hauelsen

... both seem to have recovered, we're happy to say. On the cheery side, Robert and Diane Jacobs are on the stork's list and were fêted at a baby shower Tuesday evening... while one of our younger members, Mary Ann Tonini is looking forward to her marriage in the near future. Makes our joints creak when we realize only yesterday she was in pig-tails but just look at her now... Cheerio.

Ralph, we are sorry that we didn't say where you were on Thanksgiving, but we didn't know where you were at the time. And we are glad that that "trick knee" of yours is out of a cast and on its way to being a good support for you—for a change.

Doc and Jeri Hendrickson brought their infant in for our inspection. Five months old is "Corker" and weighs 15 pounds. Of course there never was a baby like this one.

Roy and Jessie Thompson have made their annual exodus from the Cedars back to Highway Forty and their Soda Springs home. We always feel that our community is "settled" when Roy and Jess' come home every winter.

We write this on Monday—December 11. And as we write we look over the Soda Springs Ski Hill and are amazed at the number of people thereon—seen' as how this is their first Monday's operation for the season. From the looks of things it is going to be a good season. Snow's right, people in the mood, reservations piling up for the entire season, and the usual batch of new enthusiasts which builds the customer of tomorrow.

Just a rumor—but we hear that Eli Carder is in the hospital with an appendicitis something or another. You know Eli—Mountain Ski shop?

And we are as ready to start the skiing season as we ever will be. And it wouldn't make any difference if the summer and fall months exceeded a year time wise—why do all of us always end up "not quite ready?"

And Blackie Chilson is back behind our dispensing plank.

And Dale Mason is back in our dining room—and all's right with the world at the present writing.

TRUCKEE ELEMENTARY

KINDERGARTEN: We were happy to say goodbye to all the four-year olds. During November, we celebrated the fifth birthday of Jon Russell, Cynthia Snyder, Kenneth McCarroll and Marietta Samuel.

FIRST GRADE — Mrs. Manley: John Virus, Kelly McQuary, Robin Waters, James Manetta, Debra Hansen, Jacquie Waller, Mary Kay Rose, Jodi Shackelford, Louise Gomez, Kelly Shane, Melissa Ciano and Timothy Holloway had excellent arithmetic papers last week.

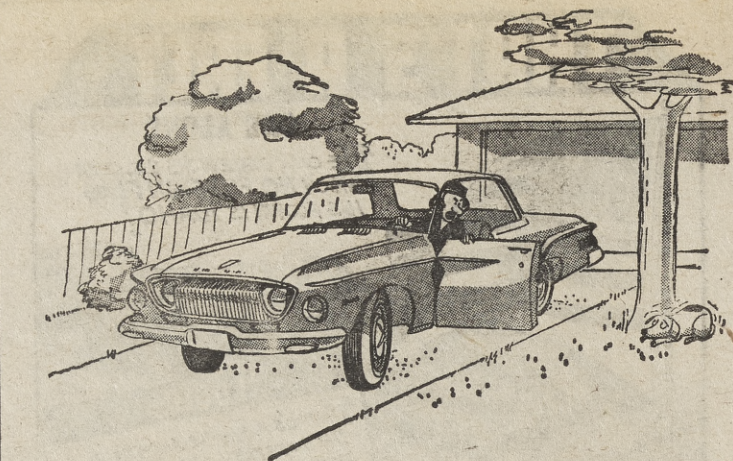

Several children had interesting trips during Thanksgiving vacation. Debbie Dennis went to Disneyland. Jamie Manetta went to Laguna Beach and Knotts Berry Farm. Stephanie Silva went to Yreka.

FIRST AND SECOND GRADE — Mrs. Reams: December's helpers are flag — Gayle Ferdinand; calendar, Donna Rablin; lunch count — Tony Kydd; milk count — Stephen Smith; paper — Dana Jensen, Michelle Walker, Tommy Steed, Johnny Taylor, Stephen Birdsell; books — Robert Richards.

We welcomed Howie Rosamond to our 1st grade last week. Howie was here two days and is now home with the mumps.

THIRD AND FOURTH GRADE — Mrs. Roth: We have a new girl in our room. Her name is Debby Rosamond and she is in fourth grade.

New class officers are: president, Kim Jensen; vice-president,

"Get in here you coward."

David Greene; secretary, Bill Burke; and treasurer, Pamela Laugenour.

New class monitors are: Karen Silverii; Cathy Craig, Gary Grow, Susan Anfield, Benny Garcia and Nancy Rablin. The news was written by Diane Rose.

FOURTH GRADE — Mrs. Small: The following people have received 100 per cent on the review spelling test: Chuck Anfield, Scott Burgwin, Sharon Conine, Becky Dennis, Eileen Hausauer, Larry Doyle, Barbara Randol, Chris Wiser, Shirley Wescott and Donna Comola.

During the last month we have lost Billy Fallon, but have gained Darrell Rosamond.

On December 19, the class Christmas party will be held. It will be based on Christmas customs of early Spanish California. The highlight of the party should be a large pinata.

SIXTH GRADE — Mr. Handy: Because of report cards and other matters which have kept Mr. Handy busy, he has been unable to send in class news for the past few weeks. Therefore, the job has been delegated to Allison Spillner and Shirley Davis.

The following have 95 per cent or over in arithmetic: David Burgwin, Stanley Greene, Pam Horman, Mike Larsen, Richard Martin, Karel Sauby, Allison Spillner, Jill Wurst and Ray Wiser.

In penmanship, these students got A or A-: David Burgwin, Pam Horman, Linda Russell and Jill Wurst.

Last week we had something that was unusual. We had a test in listening after the Standard School Broadcast. These 10 students got 100 per cent: David Burgwin, Pam Horman, Henry Frates, Stanley Greene, Steve Neifert, Linda Russell, Karel Sauby, Allison Spillner, Barry Waters and Jill Wurst.

The following have gotten straight A's in spelling the second

quarter: David Burgwin, Shirley Davis, Henry Frates, Stanley Greene, Pam Horman, Mike Kydd, Mike Larsen, Jennifer O'Bear, Phillip Riden, Linda Russell, Allison Spillner, Ray Wiser and Jill Wurst.

SEVENTH GRADE — Mrs. Baker: Mrs. Baker's room had a meeting for a Christmas party.

We have a new game called the Spanish Language flash cards. Our reporter is Garee Lynn Stewart.

EIGHTH GRADE — Mrs. Robinson: In a recent science test Bon-

nie Bucholtz, Chuck Trainor and Barbara Lyddane received A's. A very colorful Christmas bulletin board was put up by Laurel Mason and Sherman Williamson. While playing outside in the snow, we're sorry to say Mac Pierce broke his left arm.

TAHOE LAKE SCHOOL

KINDERGARTEN: First in our class to celebrate their 6th birthday were Jennifer Pelletier and Mike File. The class enjoyed a birthday surprise with them. Each wrote the number six on the board.

Linda Lewis, Susie Kelley, Michael Jones and Jull Shaver brought extra pine cones to share with the group, for making a pine cone Santa.

SECOND GRADE: The class enjoyed a trip to the post office on Thursday. Everyone wrote a letter to the Tahoe City Santa. Mrs. Corona did a fine job of telling the children about the post office.

FIRST AND SECOND GRADE COMBINATION: All the children wrote letters to Santa on Wednesday. Thursday we joined Mrs. Steinhauer's second grade and took a trip to the post office in Tahoe City to mail our letters.

Mrs. Corona told us all about the post office and showed us what would happen to letters.

THREE LOCAL PEOPLE JAILED AT CAPITAL

SACRAMENTO—Three Truckee residents were lodged in jail last week on charges of cashing bogus checks after they were arrested at Bi-Rite Market, 3020 L Street.

John N. Meagher, 20, Kaye F. Dedrick, 25, and Rolla Mallonee, 53, stepfather of the Dedrick woman, were accused of cashing several checks in Sacramento.

Clerks at the market notified police when the trio tried to cash a check. Their descriptions were listed on a bulletin from the Northern California Food Dealers Association after they tried earlier to cash a check at the Food Depot, 12th and H Streets. The clerk called the Vallejo bank and learned the check was phony. She notified the food association.
